

HIGH-PERFORMING BUILDINGS PAY OFF

— VENTILATE WITH RENEWAIRE ERVs —

ENERGY SAVINGS

- Reduce HVAC loads
- Decrease HVAC energy costs up to 65%
- Generate annual HVAC energy savings
- Maximize ROI with short payback

HOSPITAL +

IAQ in hospitals is even more critical as patients can have weakened immune systems.

Up to **one-third** of all hospital-acquired infections are **airborne**.¹ Ventilation reduces this risk.
